Jennifer,

Of course, I will try not to do "back-stabbing." And I do not want to do that. But please understand that some times I am forced by someone especially in a case where many people are involved (including this case).

Anyway, let's try to communicate closely each other.

Best regards,
Tomoji

Tomoji,

I would appreciate it also if you simply ask me directly if you have a problem or if someone else has a problem, instead of going above me to Nick without copying me. It is what we call in the US, "back-stabbing."

Thank you, Jennifer,
I trust you and I know that you do not do anything harmful to MCC.
But please understand there are many people who have negative feeling against that something happens in unknown situation. I hope you know what I mean.
Best regards,
Tomoji
